NUCLEAR MEDICINE PHYSICISTS ASSOCIATION OF INDIA

Dear Colleagues,

Welcome to NMPAICON-2026: A Decennial Milestone in the City of Dreams. On behalf of the Organizing Committee and the Nuclear Medicine Physicists Association of India (NMPAI), it is an immense honor to invite you to the 10th Annual Conference (NMPAICON-2026). We are gathering to celebrate a landmark moment at the iconic Tata Memorial Hospital, Mumbai, on March 28th and 29th, 2026.

A Legacy of Excellence (2005–2026)

Since our inception in 2005, NMPAI has grown into a robust professional community of over 600 members. This decennial conference celebrates our transition from foundational physics to the vanguard of modern theranostics, honoring twenty-one years of collective progress.

The Theme: “A Decade of Precision: Advancing Excellence in Nuclear Medicine Physics”. Our theme reflects the continuous pursuit of precision in every aspect of our field—from PET/CT calibration to complex dosimetry and quality control. We aim to highlight how the convergence of physics, biology, and data science is driving the “irresistible rise” of our profession.

We invite you to join us for this “Commitment to Excellence” in the vibrant city of Mumbai. Registration and abstract submissions are now open.

With warm regards,

The Organizing Committee
